An American car cruising Main Street love story!

SATURDAY NIGHT CRUISIN!!!

A coming of age muscle car simple fun-loving movie for all ages.

Synopsis: Tommy and Shelby are two young lovers getting ready to graduate from High School. Every Saturday night they go cruising down main street and hang out with all their friends. The future is all they talk about as these young kids have the world at their fingertips. Do they go away to college, get married and have a bunch of kids, or go out to la la land where dreams can be realized for Shelby and her singing.

Main street USA is open late for all the people of the town that come out for a nice healthy fun-loving time. This is a perfectly innocent Saturday night when the hard-working men and women of the town relax and enjoy the beautiful weather and cars that come out to play after being cooped up all week. All is wonderful until everything changes when a bad gang of misfits enters town and kidnaps one of Shelby's best girlfriends from the outdoor diner where she was working. Little do they know this girl was filling in for Shelby that evening. Shelby, distraught for her friend, enlists her boyfriend and the people to bring this girl back to safety before anything bad happens.
